Profile

Accomplished geoscientist, public speaker and researcher bringing strong leadership skills, combined with logical and practical thinking and capable of multi-tasking. Excelled in multiple sub-disciplines within geological sciences, including economic geology, geochemistry and remote sensing.

Career Experience

Chief Geoscientist Consultant

Jordan Harris Geological Services

July 2020 – Current

- Consulting geologist (P.Geo #4191) with extensive work in spatial analysis and GIS
- Experience with several junior mineral exploration companies, planning/executing field operations and completing numerous geospatial mapping projects
- Contributed to the completion of assessment report submissions, press releases and technical reports; completing geological research and the creation of GIS products

Consulting Geologist

Jadeite Geosciences

Mar 2025 – Current

Major Programs Completed:

- Amex Gold Mining Inc; Perron and Perron West Projects - Facilitated diamond drilling, prospecting and geochemical soil sampling
- QcX Gold Corp; Kali and Fernet Projects - Prospecting and geochemical soil sampling
- Sterling Metals Corp; Soo Copper Project - Contributed to the completion of NI 43-101 technical report
- Critical Minerals North Ltd; Telfer Project - Prospecting and geochemical soil sampling
- Jadeite Capital Corp; Wapistan Project - Geological program management
- Halliday Lake Project - Prospecting and geochemical soil sampling

Corporate/Management Geologist

Chief Executive Officer - Rottenstone Gold Inc

Sept 2024 – Jan 2025

- Assisted with the completion of regulatory and compliance filings

Exploration Manager - Chicobi Gold Inc

July 2024 – Jan 2025

- Planned and managed prospecting and soil sampling exploration program

VP Exploration - Red Lake Gold Inc

July 2024 – Jan 2025

- Planned and managed large scale soil sampling campaign, completed follow-up prospecting over areas of interest delineated by soil program

Geological Database Manager

- Imagine Lithium Inc

Oct 2023 – Jan 2024

Senior Project Geologist

DCX Geological Consulting

May 2023 – June 2024

- Planned/managed exploration for lithium bearing pegmatites in Georgia Lake, Ontario

Field Geologist

Consultant - QcX Gold Corp

Aug 2022 – Oct 2022

- Planned and completed a small gold/lithium prospecting program, including bedrock stripping and hand sample collection, utilizing both helicopter and regional trails

Project Geologist

Fladgate Exploration - Metallica Metals Corp

Sept 2021 – Feb 2022

- Project Geologist work on the Metallica Metals Starr project, targeting gold mineralization within the Shebandowan Greenstone Belt
- Facilitated exploration activities including field prospecting, drilling and core logging

Geological/Technical Consultant

Generic Gold Corp

Oct 2020 – Dec 2021

- Assisted with the technical aspects of investor relations and geological marketing
- Involvement in mining & mineral exploration conferences and investor meetings

Geotechnician

Laurentia Exploration - QcX Gold Corp

Aug 2020 – Sept 2020

- Completed geotechnical work in James Bay, Quebec on QcX Gold Corp's Golden Giant Project, assisting in a multi-phase prospecting program

Research Assistant

University of Ottawa

Apr 2018 – Sept 2018

Published a NSERC funded scientific paper in the Journal of Geochemical Exploration alongside Professor Olivier Nadeau at the University of Ottawa. This article was named "Remobilization and adsorption of colloidal gold on nano-particulate chlorite at the Hardrock Archean orogenic gold deposits: A new tool for gold exploration".

Education

Algonquin College - Graduate Certificate: Env. Management & Assessment

2020 – 2021

University of Ottawa - Honours Bachelor of Science in Geology

2013 – 2018

Languages

- English: Native speaker - Full professional proficiency
- French: Limited working proficiency

Certifications and Associations

- Professional Geologist (P.Geo #4191) - Professional Geoscientists of Ontario 2025 – 2026
- Possession and Acquisition License (PAL & R-PAL) Sept 2019
- Class G Ontario Driver's Licence Mar 2016
